

News from Achieve Australia and Inclusive Housing Australia

	<p>This letter is written by 2 service providers. One is Achieve Australia and the other is Inclusive Housing Australia.</p>
	<p>We are writing this letter in Easy Read to make it easy to understand.</p>
	<p>You can read it with someone else so you can ask questions if you want to.</p>
	<p>Most things will stay the same for you.</p>

You will still live in the same house.

And still see the same people who come and support you each day.

And do the same things at home and enjoy going out too.

You will meet a few new people who may visit your home.

We told you about Ainsley and Karen from Achieve who have been visiting people at their home. You may keep seeing their friendly faces.

You may also see Beck sometimes. She works at IHA and wants to make sure everything works well in your home.

Inclusive Housing Australia will look after your house and make sure anything broken gets fixed.

Jo-Anne is the CEO of Achieve. She has been visiting people in their homes and meeting families too.

Coralee is a new person who will be working at Achieve to support everyone in their homes. She is very friendly and is so happy she will be meeting you soon.

This is Jane. She will be working with the people who support you. She is very happy that she will be meeting you soon.

Some other new people will only visit once to bring some new things to your home like a printer.

	<p>You may also meet Tina, Esther and Jennifer. They will visit soon as well to see how things get done at your house.</p>
	<p>Everyone from Achieve Australia and Inclusive Housing Australia are excited to get to meet you.</p>
	<p>We will take care not to be too noisy - making you happy always comes first.</p>
